Tiny Homes		Spark Creek 12	4.8L * 2.5W	12 sqm	<p>The SPARK Albion is a 4.8 Meters long tiny house on wheels with a 10/12 gable roof. It has a bathroom sized to fit a square shower stall, composting or standard toilet, and small wall mounted sink. A small kitchen could be placed in the center of the house. A sleeping loft above the bathroom & kitchen space provide enough space for a queen sized mattress. Two skylights and a small window open to provide ventilation in the loft.</p>	21,600	18,720	43,200
								
Tiny Homes		Spark Bexley 12	4.8L * 2.5W	12 sqm	<p>The SPARK Anchor Bay is a 4.8 meters long tiny house on wheels that features a large sloped wall/roof with transparent skylights that serve as windows. It has a sleeping loft, bathroom, kitchen, and open living space. The smaller size would make it easier to tow and the large sloping wall would make it a bit more aerodynamic.</p>	21,600	18,720	43,200
								

Tiny Homes		Spark Burwood 17.5	7L * 2.5W	17.5 sqm	The SPARK Boonville is a 7 Meters long tiny house on wheels with a 10/12 gable roof. It has a bathroom sized to fit a square shower stall, composting or standard toilet, and small wall mounted sink. This floor plan is open and features a French door on one side and a front door at one end. One small storage loft would sit above the bathroom and a sleeping loft above the kitchen/dining space in the center of the house.	31,500	27,300	63,000
								
Tiny Homes		Spark Camellia 12	4.8L * 2.5W	12 sqm	The SPARK Calpella is a 4.8 Meters long tiny house on wheels with a 10/12 gable roof. It has a bathroom sized to fit a square shower stall, composting or standard toilet, and small wall mounted sink. A small kitchen would be placed just outside the bathroom. A sleeping loft above the bathroom & kitchen space provide enough space for a queen sized mattress. Outside the front door are flip-up steps and an extended eave that covers the railed porch.	21,600	18,720	43,200
Tiny Homes								
Tiny Homes		SPARK Bondy 15	6L * 2.5W	15 sqm	The SPARK Caspar is a 6 Meters long tiny house on wheels with a 10/12 gable roof. It has a bathroom sized to fit a square shower stall, composting or standard toilet, and small wall mounted sink. A small kitchen could be placed in the center of the house. A sleeping loft above the bathroom & kitchen space provide enough space for a queen sized mattress. Two skylights and a small window open to provide ventilation in the loft.	27,000	23,400	54,000
Tin								

Tiny Homes		SPARK Canley 12	4.8L * 2.5W	12 sqm	The SPARK Cleone is a 4.8 meters long tiny house on wheels with a 10/12 gable roof. It has a bathroom sized to fit a square shower stall, composting or standard toilet, and small wall mounted sink. A small kitchen with windows at the corner would be tucked in along side the bathroom. A sleeping loft above the bathroom & kitchen space provides enough space for a queen sized mattress.	21,600	18,720	43,200
								
Tiny Homes		SPARK Curl 17.5	7L * 2.5W	17.5 sqm	The SPARK Comptche is a 7 Meters long tiny house on wheels with a 3/12 shed roof. It has a bathroom sized to fit a square shower stall, composting or standard toilet, and small wall mounted sink. Just outside the bathroom is a small kitchen.
